

Features

- Heavy duty beveled front cutter bar provides extra strength and reduced wear
- Exclusive staggered grate design prevents wedging of small rocks while leveling
- The grate will sift out rocks and can be used as a carry-all
- V-shaped intermediate scraper shears off high spots and draws dirt to the sides
- Optional scarifier digs into packed dirt
- Strategic placement of scarifier teeth permits ground engagement while in the retracted position
- Optional comb assembly breaks up dirt chunks and smooths surface

The **Bradco® Land Sculptors** by Paladin are an extraordinarily versatile and practical attachment for skid-steer loaders and compact tractors. There is an adjustable rear scraper for optimum land shaping.
