

Excavator attachments

Demolition, recycling and earth-moving.
Experience our Hydraulic Attachment Tools.

Product overview

Meet our Hydraulic Attachment Tools. Built with technology that makes them light, compact and more powerful than ever.

SB
55 – 1,060 kg

MB
750 – 1,650 kg

HB
2,000 – 10,000 kg

Hydraulic Breakers

pages 8–13

HC
160 – 1,400 kg

Hydraulic Compactors

pages 14–15

CB
320 – 2,600 kg

Concrete Busters

pages 16–17

CC
1,750–7,100 kg

Combi Cutters

pages 18–19

DP
2,070–2,930 kg

Demolition Pulverizers

pages 20–21

BP
2,090–3,790 kg

Bulk Pulverizers

pages 22–23

MG
90–5,300 kg

Multi Grapples

pages 24–25

SC
2,500–8,250 kg

Steel Cutters

pages 26–27

HM
1,550–2,000 kg

Hydro Magnets

pages 28–29

BC
2,250–6,050 kg

Bucket Crushers

pages 30–31

Demolition

Earth-moving

Recycling

Time to change the industry. Again. Welcome to Epiroc.

We created the first-ever hydraulic breaker. The patent awarded in 1963 set the stage for a new way of using hydraulic attachment tools on excavators – changing an entire industry. Since then, customers around the world have been benefiting from our hydraulic tools.

In fact, today our dedicated sales network is present in more than 180 countries, with Customer Centers in 60 locations. And even though we are now under the Epiroc flag, we are still the same people whom you already know. We will keep all our existing dealers and service partners, and most of our well-known sales team. It's business as usual.

However, one thing is completely new. We have built our own logistics centre in Essen, with parts and tools being delivered directly from our factory next door. Having everything coming out of one place means better service for you – from ordering your goods, to shipping and delivery – we make sure you stay up and running.

United in performance. Inspired by innovation.

Performance unites us, innovation inspires us, and commitment drives us to keep moving forward. Count on Epiroc to deliver the solutions you need to succeed today and the technology to lead tomorrow.
